

specialized form of minerals bound to amino acids. This patented process creates natural mineral compounds which use active absorption mechanisms in the gastrointestinal tract to significantly enhance mineral absorption. Comparison studies show significantly superior absorption of mineral chelates over other forms of minerals.

In a magnesium comparison study reported by Graff et al. at Weber State University, Albion's® magnesium amino acid chelate had (See Figure 1):^[3]

- 8.8 times greater absorption than magnesium oxide
- 5.6 times greater absorption than magnesium sulfate
- 2.3 times greater absorption than magnesium carbonate

In a clinical study comparing calcium absorption in humans, Albion's® patented calcium chelate delivered the greatest absorption of all calcium sources tested (44% Absorption - See Figure 2).^[4]

In addition, mineral chelates are gentle, gut-friendly minerals that do not cause the constipation that often accompanies calcium carbonate and other mineral forms. Albion's® mineral chelates have extensive clinical research proving their superior bioavailability, biologic activity, stability and tolerance.

Metabolism & Energy Production†

Converting food into cellular energy is a nutrient-intensive process. Recaptivate provides substantial levels of B vitamins, which are prime coenzymes for the Krebs's cycle, the biochemical pathway responsible for maintaining energy production in the form of ATP (adenosine triphosphate). Recaptivate exclusively uses high-quality, USP* grade B vitamins ideal for individuals looking to boost their energy levels and support stressful lifestyles.

Broad Spectrum Antioxidant Support†

The body is constantly exposed to free radicals and relies heavily on its antioxidant reserve for protection. Free radicals are generated by metabolic by-products and environmental exposure such as UV rays from the sun, air pollution and radiation. Recaptivate contains a balanced spectrum of antioxidant vitamins such as vitamin C, mixed carotenoids, trace elements and nutrients that up-regulate antioxidant-supporting pathways in the body. They work synergistically to regenerate each other and maintain adequate levels of protective antioxidants throughout the body.

*The USP is a scientific organization that sets standards for the identity, strength, quality and purity of medicines, food ingredients and dietary supplements, manufactured, distributed and consumed worldwide.

Directions

3 tablets per day with food or as recommended by your health care professional.

Does Not Contain

Gluten, yeast, artificial colors and flavors.

Cautions

If you are pregnant or nursing, consult your physician before taking this product.

Supplement Facts^{v7}

Serving Size 3 Tablets
Servings Per Container 30 & 60

3 tablets contain	Amount Per Serving	% Daily Value
Vitamin A (as Betatene® Natural Mixed Carotenoids, Palmitate)	7,500 IU	150%
Vitamin C (as Calcium Ascorbate USP, Ascorbic Acid)	500 mg	833%
Vitamin D3 (as Cholecalciferol)	1,000 IU	250%
Vitamin E (as d-Alpha Tocopherol Succinate USP)	100 IU	333%
Vitamin K (K1 as Phytanadione, K2 as Menaquinone-7 (MK-7))	62.5 mcg	78%
Thiamine (Vitamin B1) (from Thiamine Hydrochloride USP)	25 mg	1,667%
Riboflavin (Vitamin B2 USP)	25 mg	1,470%
Niacin (as Niacin USP, Niacinamide USP)	25 mg	125%
Vitamin B6 (as Pyridoxine Hydrochloride USP)	37 mg	1,850%
Folate (as Quatrefolic® (6S)-5-Methyltetrahydrofolic acid glucosamine salt)	400 mcg	100%
Vitamin B12 (as Methylcobalamin)	500 mcg	8,333%
Biotin	200 mcg	67%
Pantothenic Acid (as d-Calcium Pantothenate USP)	150 mg	1,500%
Calcium (as DimaCal® Dicalcium Malate, Calcium Ascorbate USP, d-Calcium Pantothenate USP)	100 mg	10%
Iodine (from Kelp)	112 mcg	75%
Magnesium (as DiMagnesium Malate, TRAACS® Magnesium Lysinate Glycinate Chelate)	200 mg	50%
Zinc (as TRAACS® Zinc Bisglycinate Chelate)	10 mg	67%
Selenium (as Selenium Glycinate Complex)	100 mcg	143%
Copper (as TRAACS® Copper Bisglycinate Chelate)	1 mg	50%
Manganese (as TRAACS® Manganese Bisglycinate Chelate)	2 mg	100%
Chromium (as O-Polynicotinate)†	200 mcg	167%
Molybdenum (as TRAACS® Molybdenum Glycinate Chelate)	25 mcg	33%
Potassium (as Potassium Citrate USP)	50 mg	1%
Choline Bitartrate	50 mg	*
Inositol NF	50 mg	*
Mixed Tocopherols	50 mg	*
Rutin	25 mg	*
Boron (as Bororganic™ Glycine)	1 mg	*
Vanadyl Sulfate Hydrate	1 mg	*

* Daily Value not established
